

Add-on Module AOM-S3224-L

Specifications

**Add-on Module - Discontinued SKU (EOL).
Please contact sales-rep for alternative options.**

Supermicro Low Profile 12Gb/s 24-Port SAS Mezzanine Card

The Supermicro Low Profile **AOM-S3224-L** is 24-port I/O controller built on the Broadcom 3224 technology. It addresses the growing demand for increased data throughput and scalability requirement across the enterprise-class server platforms. It delivers **cost effective** storage solutions using SATA drives and **maximum performance and reliability** with SAS drives.

The AOM-S3224-L supports up to 2000 connected devices.

Compliance

RoHS

RoHS Compliant 6/6, Pb Free

Parts List

Key Features
